FROM SEPTEMBER 28. TO OCTOBER 5. 1738.

The ADDRESS of the Justices and Freeholders of the County of Monmouth, *to His Excellency* LEWIS MORRIS, *Esq; &c.*

May it please Your Excellency,

IT is with Hearts full of Joy, we congratulate Your happy Accession to the Government of this Province; and we should prove very defective, both in Duty and Gratitude, if upon this Occasion we should forget to acknowledge, that it is by means of Your Excellency's Interest at the Court of *Great Britain*, that this Government is separated from that of *New-York*; a Priviledge long and earnestly desired by us.

We acknowledge with the utmost Gratitude, His Majesty's great Favour, in sending us a Governour, whose prudent and steady Conduct we are well acquainted with; and whose Interest is so twisted with ours, that we have no Reason to doubt of any Thing from him, but what's for our mutual Advantage.

Long! very long, may Your Excellency continue to govern a willing People, whose Demeanour may testify how truly sensible they are of, and thankful for, the many Priviledges they enjoy; that so both Governour and Governed may mutually reap the happy Fruits of His Majesty's great Indulgence to this Province.

We are with the greatest Regard, Your Excellency's &c.

To which His Excellency was pleased to make the following ANSWER.

GENTLEMEN,

I Thank you for this kind and hearty Address, because (if I am rightly inform'd) you deliver not only your own Sentiments, but those of all the Inhabitants of New-Jersey.

I hope you will long experience the good Effects of His Majesty's great and uncommon Favour, in making the Separation you are so well and so justly pleased with; that you will on all Occasions make suitable Returns; and I am perswaded that no one Signer of this Address will at any Time act differently from what he expresses.

I thank you for your good Wishes for my Continuance, but desire it may be no longer than my Conduct justly intitles me to the Approbation of His Majesty, and those He has impower'd me to govern.

The Humble ADDRESS of some of the Freeholders Inhabitants of the Townships of Upperfreehold, *in the County of* Monmouth, *and Province of* New-Jersey; *presented at* Allentown *the* 6th *Day of* Sept. 1738.

May it please Your Excellency,

IT were indeed not only a Failure and Neglect of the Duty of Reverence and Humility which we owe to Almighty God, as well as a Neglect of Charity to our Neighbours, but even also of our Duty to our selves, and should justly deserve to be lookt upon as Rebels to our now Gracious Sovereign Lord King *GEORGE the Second*, if we did not embrace this present Opportunity to Address Your Excellency; to manifest our hearty Thanks, first to the King of Heaven, that he hath in the Course of his Providence stirred up and moved the Heart of our now Sovereign Lord the King, to grant the Petitions of our Country in general, and our often Desires in particular, to appoint us a Governour in the manner as is now done; which Procedure of His Majesty so to order, doth in the next Place so encrease our Joys, that the Administration of this Government is lodged in Your Excellency's Person, who from our former Knowledge and Experience, as well of Your Excellency's Person, as of Your mild Administration heretofore in this Government, must needs move us, and stir up our Hearts to the faithful Discharge of those further Duties, hereafter on our parts requisite to be performed, as becomes the Loyal Subjects of so good and great a King, for this His Royal Bounty towards us His Majesty's Subjects here; In such Manner (we desire to assure Your Excellency) as may not only render Your Administration easy amongst us, but also make appear that we aim at nothing more (whilst under the same Administration) than to behave ourselves in the Discharge of our respective

tive Duties, like Men fearing God, honouring the King, and loving our Country.

To which His Excellency was pleaſed to make the following ANSWER.

GENTLEMEN,

THE Goodneſs of Almighty God, and Favour of the King, in giving you a Separate Governor, cannot be too much, nor too often acknowledg'd; and I hope the Senſe of it is ſo deeply impreſs'd, that you'll need no other Motive to make ſuitable Returns.

I thank you for the good Opinion you have entertain'd of me, and ſhall endeavour to deſerve it.

NEWPORT, Septemb. 22.

We are informed that the Sloop Dolphin, burthen about 70 Tons, from Cape Francois, Adam Decheſeau Commander, arrived at Block-Iſland the laſt Lord's Day, and that her ſaid Commander was kill'd by the 2d Capt. named Peter Legrand, on the 3d Inſtant, in the Lat. of 27, 28. and was thrown overboard by him and two other of the French Company; the ſaid Legrand alſo murdered an Engliſhman named Edward, and threw him overboard alſo; and after they came to BlockIſland, the ſaid Legrand went up on the Deck with one of the Company named Frank, and commanded one Thomas Davis and John Merchant two Paſſengers on Board, to throw over board a Boy named Stephen Decheſau, Nephew of ſaid Cap. Decheſeau, and if they refuſed they would ſhoot them immediately, whereupon the ſaid two Paſſengers, thro' fear of being kill'd, conſented, and threw the ſaid Boy overboard, who was drowned.

The Perſons Names that belong to the ſaid Sloop that was brought in here on Tueſday laſt, are Peter Legrand, Peter Jeſſeau, Francis Bowdoin, and John Couprey, and likewiſe the two Engliſh Paſſengers, viz. Thomas Davis, a Reſidenter here, and John Merchant, a Reſidenter of Marthas Vineyard, who are all ſecured in our Goal till they come to Tryal for ſuch a barbarous Murder.

We are alſo informed that on Monday laſt the ſaid Sloop coming to ſail for a more convenient Place to Anchor in for a few Days, as Providence order'd miſs'd Stays, and was drove aſhore on the Rocks, and bilged; and it is tho't to be by the means of the two Engliſh Paſſengers that the Sloop was drove aſhore, to diſcover that capital Sin of Murder, that the Offenders might be brought to Juſtice. We alſo hear the chief of her Cargo is Moloſſes and Brandy, with ſome Cheſts of Wine, and moſt of it likely to be ſaved, which the Authority have ſent proper Perſons to ſecure and take Care of, till further Orders.

BOSTON, Sept. 25. Yeſterday Capt. Tanner arrived here from Newcaſtle, as did likewiſe Capt. White, in about Ten Weeks from London, and ſix from Torbay. The moſt remarkable News we can yet gather by Capt. White, is, That Matters are as far from being accommodated between Great-Britain and Spain, as ever; and that if Affairs do not take a new Turn by the Spring, a War is unavoidable. That a conſiderable Number of His Majeſty's Ships of War had lately been put in Commiſſion, which were ordered to be fitted out with the utmoſt Expedition, and that the Preſs for Seamen continued very hot. That 'twas talked, that His Royal Highneſs the Duke of Cumberland would ſoon be appointed Lord High Admiral of Great-Britain. [*This hopeful young Prince was born the* 15*th of April*, 1721.] That two Spaniſh Privateers had chaſed two Veſſels into Portaferry in Ireland, and taken 50 Sheep out of the Ferry Boat, as it was going to Strangford. That Eight Men of War came out with Capt. White, Six bound to the Weſt Indies, and two to join Admiral Haddock's Squadron in the Mediterranean.

'Tis ſaid, Capt. Morris was to ſail for this Port about the firſt of Auguſt.

By a Gentleman who came Paſſenger in Capt. White, we are informed, That my Lord Fitz-Roy, who commanded one of His Majeſty's Ships of War, was loſt near Oran, on the Coaſt of Barbary, with all the Ship's Company.

By the ſame Gentleman, we have a Confirmation of the News we publiſhed laſt Week from Gibraltar, viz. That the Ruſſian Army under Count Munich, had beat the Turks and taken Bender; and that the Germans in a Battle with the Turks, had kill'd and taken Forty Thouſand of the Infidels.
